

COLD & FLU SEASON IS HERE

**DesBio's newest
products help relieve
common upper
respiratory
discomforts to help
your patients feel
better faster!**

Mucinease

Cold and flu infection may bring body aches, congestion, stuffy nose and fever, but there are steps you can take once the illness has appeared to help your patients relieve symptoms and possibly shorten the duration of their discomfort.

***Mucinease* has been specifically formulated to help alleviate the symptoms and duration of upper respiratory congestion, while acting as a natural antihistamine, supporting immune health, and alleviating common cold/flu symptoms.**

Ingredients found in ***Mucinease*** are clinically proven to minimize and reduce the symptoms of colds and flu. These carefully selected ingredients:

- Target all the primary causes of nasal congestion
- Strengthen the immune system and aid in the breakdown of mucus in the upper respiratory tract
- Support healthy inflammatory responses and help alleviate pain, aches, and throat irritation
- Promote the reduction in healing time and reduce the aggravation of a dry cough
- Help stabilize the immune system to modulate histamine and cytokine release

For practitioner use only. REV 09/21/18

Throat Spray

Sore throat discomfort is one of many of life's little inconveniences that we wish would go away. Fortunately, DesBio has a perfect remedy to temporarily relieve occasional minor irritation, pain, sore mouth, and sore throat. ***Throat Spray*** is a synergistic liquid spray formula designed to alleviate throat irritation and other throat distress symptoms related to upper respiratory tract illnesses and voice overuse.

Ingredients used in ***Throat Spray***:

- Support healthy inflammatory activity that is particularly helpful for alleviating distress caused by respiratory tract illnesses
- Help stimulate the overall activity of the cells responsible for fighting all kinds of pathogens
- Promote healthy fresh breath and overall throat comfort
- Alleviate dryness or constriction of the throat

THE ULTIMATE UPPER RESPIRATORY ILLNESS PROTOCOL

SUPPORT & REINFORCE THE IMMUNE SYSTEM

ProDefense

The ultimate immune and daily wellness formula featuring mushroom extracts, immune-boosting phenolics, herbs, probiotics, and prebiotics.

Smart Silver

A sophisticated silver nanoparticle proven to target pathogens. Liquid *Smart Silver* can be given as an oral tonic or inhaled as a mist, and the gel may provide up to four hours of protection against pathogens.

Immune Support

A combination remedy intended to temporarily relieve symptoms related to infection, such as cough, fever, headache, fatigue, cold, muscle pain, sore throat, ear, nose, and throat congestion.

TEMPORARILY EASE SPECIFIC COLD & FLU SYMPTOMS

Mucinease

This formula supports sinus comfort by promoting normal mucous viscosity and balanced inflammatory responses. It helps support the immune system and aids in the breakdown of mucous in the upper respiratory tract.

TriCurcumin

TriCurcumin is a blend of select, high-potency, full-spectrum, bioactive botanicals for the management of exercise-induced aches and the promotion of healthy inflammatory responses.

Throat Spray

A combination of ingredients shown to soothe the throat, support oral health, promote fresh breath and modulate healthy throat tissue. May also relieve discomfort related to voice strain overuse.

HOMEOPATHICS TO TARGET SYMPTOMS OF SPECIFIC VIRUSES AND BACTERIA

Upper Respiratory Staph/Strep Combination

Homeopathic for the temporary relief of symptoms such as cough, sneezing, runny nose, fatigue, body aches, brain fog, sinus congestion, and general malaise.

Influenza Plus

Homeopathic for the temporary relief of symptoms that may be caused by viruses such as influenza or RSV infection including high fever, chills, headache, fatigue, cough, sore throat, runny and/or stuffy nose, congestion, body aches, vomiting and occasional diarrhea.

For practitioner use only. REV 09/21/18

THE POWER OF 3

DesBio has a broad range of homeopathic, botanical, and nutritional products to help support and reinforce the immune system and temporarily ease the symptoms of common colds and flus.
